Hit the Road

Waterloo Revival

This town is like a habit that I can't break
Same girl same dreams that just can't shake
Then you walk in the door is what I'm looking for
Oh baby I got to get to know you
'Cause every move you make is getting me high
Putting crazy thoughts in my mind

When you shooting that smile over here my way, my way
Girl you got me thinking about the highway, highway

Woah oh, woah oh, woah oh
This town is like an anchor dragging us down
Woah oh, woah oh, woah oh
Girl we could get away start living out loud
Got a hundred dollars and a tank of gas
We could throw a dart at this covered stain mat girl
Come on, come on, come on
Let's go
Baby let's hit the road

Your kisses like a song that I can't write
'Cause there ain't a word for what it feels like

When you shooting that smile over here my way, my way
Girl you got me thinking about the highway, highway

Woah oh, woah oh, woah oh
This town is like an anchor dragging us down
Woah oh, woah oh, woah oh
Girl we could get away start living out loud
Got a hundred dollars and a tank of gas
We could throw a dart at this covered stain mat girl
Come on, come on, come on
Let's go
Baby let's hit the road

Gonna get away, gonna chase these white lies
Kissing my neck, got me losing my mind
Blowing right through these butk shot stop signs

Pedal to the floor, leave it all behind us

Woah oh, woah oh, woah oh
This town is like an anchor dragging us down
Woah oh, woah oh, woah oh
Girl we could get away start living out loud
Got a hundred dollars and a tank of gas
We could throw a dart at this covered stain mat girl
Come on, come on, come on
Let's go
Baby let's hit the road

Woah oh, woah oh, woah oh
Baby let's hit the road
Woah oh, woah oh, woah oh
Baby let's hit the road
Woah oh, woah oh, woah oh
Baby let's hit the road
Woah oh, woah oh, woah oh
Let's hit the road
