

# You Must Be Mad

## The Neurotics

Careers and jobs don't fall from the sky  
These days you have to grovel on yourâ€ kneesâ€ now  
It's enough toâ€ make you cry, yeah yeah yeah  
Heâ€ wanted to see some of the world  
Wear a uniform, impressâ•Ÿtheâ•Ÿgirls  
Haveâ•Ÿa little moneyâ•Ÿwhen on leave  
Andâ•Ÿhe wanted to settle down  
He settled down in a hole in the ground  
In that training scheme in Port Stanley  
'Cos you know as killing comes and goes, this one wins votes

You must be mad  
Well I thought you had a lot more sense than that  
You must be mad  
But I found out, you're not that kind of lad  
You are simply mad

He got under the feet of his family at home  
That pressure finally made his mind up  
It's enough to make you cry, yeah, yeah, yeah  
He wanted to see some of the world  
Thought uniforms impressed the girls  
Have a little pride no-one here could give  
And he wanted to settle down  
He settled down in a hole in the ground  
In that training scheme in Port Stanley  
And you know, as killing comes and goes, this one wins votes

You must be mad  
Well I thought you had a lot more sense than that  
You must be mad  
But I found out, you're not that kind of lad  
You must be mad (repeated)

But it all comes down to you
