## My Only Love

## **Roxy Music**

Do I ever wonder? More than words can say Heaven knows it's Hard enough to prayLet me tell you something There's a change in me Even now you're gone You'll always beMy only love, my only love Only love, my only loveDoes it seem so funny For a fool to cry? Do you know the Meaning of goodbye? There's a river flowing By a willow tree When you need to know You remember meMy only love, my only love Only love, my only loveLet me tell you something More than words can say But they're all I have No other wayThere's a river flowing By a willow tree When you find you're There remember meMy only love, my only love Only love, my only love My only love, only loveMy only love, only love My only love, only love
