

# Fuck Your Attitude

## Warzone

WHO - THE - FUCK - ARE - YOU?  
You say it's your scene  
There's no fuckin way  
You think your big shit  
We've had enough of it  
All I hear is how long  
You've been hanging around  
You think you have the right  
To put everybody down  
Open you eyes take a look around  
We got to stick together  
Not put each other down  
Don't let anyone get you down  
Cause their heads are in the clouds  
Don't tell me how long you've been hanging out  
When "It's your attitude that really counts"  
Fuck your attitude (3x)
