

Good Reason

Robbie Seay Band

We have good reason to celebrate
Good reason to sing out loud
Good reason to dance for joy
Good reason We have good reason to celebrate
Good reason to sing out loud
Good reason to dance for joy
Good reason Sing people sing, dance people dance
He wants to hear from you
Sing people sing, dance people dance
He wants to hear from you Let the hands of his people be raised in joy
Let the feet of his people dance forever
Let their voice speak truth to all the world
Speak with your lives, he wants to hear from you
