Slowdown

Peter Murphy

The point is up
Touch, elbows touch
Tell them to look away
Find security and sayLook at the clues
Clear as cloud
Drop our love for loveCHORUS
Slow down
Slow down
Slow down
Slow down
Slow down
Slow downWhy let it go
To the deeper down?
Well, we could look and pray
Ah, don't run, don't drownLook at the clues
Clear as cloud
Drop our love for loveCHORUSCHORUS
CHORUSSlow
