

Slowdown

Peter Murphy

The point is up
Touch, elbows touch
Tell them to look away
Find security and say Look at the clues
Clear as cloud
Drop our love for love CHORUS
Slow down
Slow down
Slow down
Slow down
Slow down
Slow down Why let it go
To the deeper down?
Well, we could look and pray
Ah, don't run, don't drown Look at the clues
Clear as cloud
Drop our love for love CHORUS CHORUS
CHORUS Slow
