Scorn

Diabolic Intent

They're killing me
Broken my face, cut me to the bone
Trapped in this hate, you imprison me
Gave up my faith, so just leave me alone
Strapped to the pain, no forgiving me
So fuckin' scorn that you wouldn't believe
I fill the tub with gasoline
Nobody taught me to hate
Nobody taught me to feel
You only showed me your pain
But you, you never taught me to heal
Tear at the scab, infect the wound
Take another stab at the enemy
Light up the blame, fire up the spoon
Blowin' out me brain 'cause you're killing me
So fuckin' scorn that you wouldn't believe
I fill the tube with gasoline
Nobody taught me to hate
Nobody taught me to feel
You only showed me your pain
But you, you never taught me to heel
Nobody body taught me to
(Hate, hate, hate, hate, hate, hate)
Nobody body taught me to

(Hate, hate, hate, hate, hate, hate)
As I stand and I wait and I learn
I have been scorn
As I live and I die and I burn
I have been scorn
Broken my face, cut me to the bone
Trapped in this hate, you imprison me
Gave up my faith, so just leave me alone
Strapped to the pain, no forgiving me
So fuckin' scorn that you wouldn't believe
I fill the tube with gasoline
Nobody taught me to hate
Nobody taught me to feel
You only showed me your pain

But you, you never taught me to heel
Nobody taught me to hate
Nobody taught me to feel
You only showed me your pain
But you, you never taught me to heel
Nobody body taught me to
(Hate, hate, hate, hate, hate, hate)
Nobody body taught me to
(Hate, hate, hate, hate, hate, hate)
