

# Leavin` Again (Again!)

## Foghat

I'm leavin' again, long way to go  
It's a sad feeling, we already know  
Ticket's bought and the contract's signed  
And it's too late to change my mind I'm leavin' again, help me pack my case  
I'll be a long time, in another place  
I'm working for something, and it ain't no lie  
It should've taken me, a lifetime to buy {Instrumental} I'm leavin' again, when the night has gone  
So let's make love, while the time rolls on  
And time rolls on, to another day  
And this time tomorrow, I'll be so far away {Rod - Solo}
