Broke My Heart

Left Alone

On a Sunday afternoon,
I began to bleed,
And I haven't been the same since,
Well someone please fucking tell me,
What do you do?
When the girl you love is a lying cheatHey girl, you fucking broke my heart,
Hey girl, you fucking broke my heartI can't believe what she did,
And what she said,
Ripped my whole world apart,
Well someone please fucking tell me,
What do you do?
When the girl you love rips your heart apartHey girl, you fucking broke my heart,
Hey girl, you fucking broke my heartHey girl, you fucking broke my heart,
Hey girl, you fucking broke my heart
