Still Beside You

Desi Oakley

Never mind my closing eyes keep speaking
Never mind my longing sighs Iâ€™m listening
If I seem to fall away, just hold me
When you think Iâ€™m far away, just breathe.

And as Iâ€™m drifting off, Iâ€™ll take you with me
And see you in my dreams, just meet me there

I will never leave you,
I have never left
I am still beside you
Just look and see
I will never leave you,
I have never left
I am still beside you
Just look and see.

When the sun shineâ€™s gone to bed, donâ€™t worry
Learning to be patient, takes some time
Soon youâ€™ll join me in my rest, donâ€™t hurry
All you have to do is just be still

And as Iâ€™m drifting off, Iâ€™ll take you with me
And see you dreams, just meet me there

I will never leave you,
I have never left
I am still beside you
Just look and see
That I will never leave you,
I have never left
I am still beside you
Just look and see.

(piano interlude)

And as Iâ€™m drifting off, Iâ€™ll take you with me
And see you in my dreams, just meet me there

I will never leave you

I have never left
I am still beside you
Just look and see
That I will never leave you
I have never left
I am still beside you
Just look and see
