Closer

Travis

I've had enough of this parade
I'm thinking of the words to say
We open up unfinished parts
Broken up, its only luckAnd when I see you then I know it will be next to me
And when I need you then I know you will be there with me
Ill never leave youJust need to get closer, closer
Lean on me now, lean on me now
Closer, closer
Lean on me now, lean on me nowKeep waking up without you here
Another day, another year
I seek the truth we set apart
A second dance, a second chanceAnd when I see you then I know it will be next to me
And when I need you then I know you will be there with me
Ill never leave youJust need to get closer, closer
Lean on me now, lean on me now
Closer, closer
Lean on me now, lean on me now
Lean on me nowAnd when I see you then I know it will be next to me
And when I need you then I know you will be there with me
Ill never leave youJust need to get closer, closer
Lean on me now, lean on me now
Closer, closer
Lean on me now, lean on me now
Lean on me nowCloser, closer
Closer, closer
