For the Moment

In My Eyes

You live for the moment
It lasts for a second
As life passes by like a dream
Put faith in an instinct
Not feeling what you think
Find out that it's not what it seems
I can't live these days for you
It's all in the hand we've been dealt
There's consolation in this bond
The only right is in yourself
No one wants to struggle
But I understand
Content and gratification
Don't always go hand in hand
It's not your position
To make my decisions
Only to offer advice
Paths may be separate
Yet still are connected
There's no real clear answer this time
When this moment's over
And you've made your stand
You'll find speaking out and popularity
Don't always come hand in hand
