Drama

Kazu da ljudi sami biraju svoj put
i ja sam mislio tako evo, vec godinama

Svaka se prica mora ispricati dvaput
ja je sada pricam kome cu, neg' vama

Nije vazno koliko smo puta udahnuili dah
hej, vaznije je koliko smo puta ostali bez daha

Kazu da ljudi sami kuju svoju sreću
i ja sam mislio tako o nasim sudbinama

Al' ne znam s koje strane sve te lazi kreću

ova je ostala sama

Ljudi, nemam ja bas nista s time
to je u tri cina drama
ljubav je samo ime
koje ljudi nadjevaju zabludama

English

Drama

they say that ppl choose their way alone
I was thinking that way, years now

every story should be told twice
and now I'm telling it to you, who else

it doesn't matter how many times we took a breath
hey, more important is how many times we were breathless (lost breath)

they say that ppl alone are making their happiness
and I was thinking the same about our destiny

but I dont know from which side all those lies are coming

this one has left alone

ppl, I don't really have nothing with that/ People, it's really out of my hands

it's drama in three act (parts)

the love is just a name/ word

which ppl are dressing with delusion
