

# Abyss Within My Soul

## Triptykon

The dead are never gone  
I can feel them all around me  
I am drowning in an ocean  
How I wish that you would join them I am burning  
I seek revenge  
My eyes are blind  
My rage is chaste Rise  
Abyss within my soul  
The dead are never gone  
I can always hear their voices  
These dark waters will consume me  
And the sun shall never rise Every nail piercing my flesh  
Manifests your helplessness  
Die you shall  
I am Lazarus  
Arisen from my tomb  
My limbs are trembling  
My hands are bleeding The day of demise  
Rise  
Abyss with my soul
