

# Save Myself

## Blue Rodeo

I don't know why I ever left you  
But I'm sure it had to be a mess  
Cause when I felt it falling around us  
I thought I could only save myself  
Sometimes I wish I could walk away  
And start all over again  
Find a place to hide away  
And wash away the sins  
Save myself  
Save myself  
Save myself
