Eyes Open Wide

Toad the Wet Sprocket

I wanna see everything
The beautiful colors
Disintegrate under me
As the crowd rushes closer, I wanna feel it hitKeep my eyes open wide
Keep my eyes open wideCancer and nicotine
And whiskey and water
Sleepless and cynical
Dreams to slaughterWhen I need you to save me
And make me breathe
Then I need you to wake me
'Cause I wanna see every, every little thingKeep my eyes open wide
Keep my eyes open wideNow I know this
That you don't wanna live
If there's no point to it
You give me meaning'Cause I'm gonna see, gonna see
Every little thingKeep my eyes open wide
(Wanna see everything)
Keep my eyes open wide
(Wanna see everything)
Keep my eyes open wide
(Wanna see everything)
Keep my eyes open wide.
