

# Death Star

## Atari Teenage Riot

feel like a death star - abused by control -  
Grey - without any emotions  
Pull me into the right direction - and I will kill you!  
I capture a thousand lives  
I wait for instructions - I can't wait! I can't wait  
Blow me away! I only destroy to demonstrate my powers  
Born to observe the confusion  
Your fear is my freedom - and I eat you alive... My mistakes are too complex for you to understand!  
For you to fight...  
My mistakes... my mistakes...  
I bring the light! I bring the light! I bring the light!  
No one survived my shadow - ever!  
When I need you - I start protecting you...  
My love gives you life  
A death star  
I am your death star... I am your death star... And you can't wait to blow me away!  
Blow me away!  
You can't wait - you can't wait - you can't wait  
To blow me away... to blow me away...  
A death star...
