

# Internet Nerd's Brother

## Chamillionaire

[phone rings][Intro - Chamillionaire as Dexter - talking (Charlie)]Hello?  
(Hello?)

What's up, Charlie?  
(What's up, man?)

Nothin, just watching "American Idol", just searching on the net  
(Heard anything about Chamillionaire?)

[Verse 1 - Chamillionaire as Dexter (Dexter's Mom) {Charlie}]Heard he lost twenty million dollars, how'd he  
lose that?

Heard he got dropped from Universal, how he lose that?  
Heard his new single and that (Creepin' (Solo)'s) super whack  
Anyways, Ludacris just wrecked him on his own track  
Ha, he's the rapper that my brother hates  
He commit suicide, so I'm a take my brother's place  
Let me log on the net, I don't have no time to waste  
I'm a log on Chamillionaire dot com and rub it in his face  
Chamillionaire sucks, Chamillionaire's a square  
He's drops a lot of mixtapes but I don't care  
If he don't switch it up, then I know he's gonna fail  
And if he does switch it up, then I just hope it don't sell  
Hell, he's super boring, he has no swagger  
He's part of a league of rappers that just don't matter  
I don't know why DJ Skee or Drama even mess with him  
Oh no, there he go, sayin he's the best again  
Plus he had the nerve to call my bro an Internet Nerd  
I'm a log on his G-mail and hack his f-ing password  
Sure, he's got Internet fans  
But I never heard nobody in the streets jammin him  
Mixtape Messiah, HAHA!, better think again

His last one sucked, I never made it up to number ten  
I couldn't even pretend, that I would ever get him  
I'll never go to his show and not gonna get his album "Venom"  
He sucks, what the heck are people even listening to?  
His rhyme patterns are enough to, make me miserable  
Make me want to enter in-to a mental institute  
In the real commercial world, he is like invisible  
On the 'net, they're sayin he got witty bars  
I'm a say he's whack, post it under every Diddy blog  
And plus I wonder overseas, is he really large?

He's probably on vacation, I don't think he really toured  
My sister tried to tell me that he got fifty cars  
Hi Chamillionaire, none of those are really yours  
He's really leasin 'em but I'm the one that really knows  
I'm a put ya on World Star and you're gonna be exposed  
His personality stinks, can't stand the scent of it  
Where's his website? He didn't even finish it  
If he thinks he'll sell as much as Wayne, then he's an idiot  
I don't think he even made a song good as (A Milli) yet  
Chat rooms or something that I'm normally glued to  
But I don't wanna conversate with none of you fools  
'Cause you think he's good, ant wrong, you lose  
Yesterday he wasn't even top 10 on YouTube  
Yeah trick, just admit it, y'all frontin  
Charles Hamilton, Joell Ortiz, even Joe Buddens  
All of them are better than him (Dexter), y'all don't know nothin  
(Dexter, come down here now), ha, my mom's callin me - I'm coming  
{Why you mad at me man?}  
[American Idol plays in background][hangs up phone]
