Hold Your Breath

Morning Runner

You are beautiful,
The man your made of,
And everything that drives youYou try so hard
You try so damn hard
You try and try but you just don't get it rightHold your breath
Darling
Just hold your breath
Cos you're at peace now
Cos you're at peace nowYour calculator, it is dead,
You just cant add these things in your head,You try so hard
You try so damn hard
You try and try but you just don't get it rightHold your breath
Darling
Just hold your breath
Cos you're at peace now
Cos you're at peace nowCos you're at peace now
