

# Peace

## Third Day

Peace like a river flows within me  
Love like a waterfall pours on me  
I'll never be alone, can't you see  
Peace like a river flows on Hope is a fire burning in my soul  
Life is eternal with you Lord  
Who could ever ask for more  
Peace like a river flows on On, thing of all I could have missed  
Oh, I just can't get over this Faith is a light shining down on me  
Mercy is a wind blowing over me  
The grace of God has set me free  
Peace like a river flows on
