Terror Train

Demons & Wizards

I'm awake so
You better feed me now
I won't slow down
Once we have left this townRhymes and riddles
I'm still sleepy so
You must hurry
Please take your seatsYou'll stay with me
Be with me
I'll be with you
I'll be with youNo one really knows
The pain I'm going through
(My final ride is almost done)
The world has moved on
Now it's time to go
(My final ride is almost done)Come lift my spirit up, I'm Blaine
Come lift my spirit up, I'm BlaineI am nothing
But a train and
I assume that
You don't like meI'm insane but
Not yet crazy
I will never let you go
Enjoy the rideYou'll stay with me
Stay with me
I'll stay with you
I'll stay with youNo one really knows
The pain I'm going through
(My final ride is almost done)
The world has moved on
Now it's time to go
(My final ride is almost done)Come lift my spirit up, I'm Blaine
Come lift my spirit up, I'm BlaineI am the one, I am the one
The godlike terror train
Superior, artificial brain
Feel free to call me BlaineI will roll on
Riddle de-dum, I'm best
Try me, try me
I'll never fail that testBlue's for girls and
Pink's for me 'cause
I'm the mono

Don't even dare to mess with meNo one really knows
The pain I'm going through
(My hate will last forevermore)
The world has moved on
Now it's time to go
(My hate will last forevermore)Come lift my spirit up, I'm Blaine
Come lift my spirit up, I'm BlaineBeneath the demon moon
