

# Down with Ya (feat. Madcon)

## Sweet California

I got to know ya for some time So now it's real and you're all mine

Come a little closer

Got a few things I could show ya

I don't wanna wait no more, hey

No getting younger anytime

I really wish you weren't so fine

Cuz every time I close my eyes

You appear all the time

Stop playing with my mind Really, really wanna get down with ya

I really, really wanna get down with ya

Wanna go up down, up down with ya

Wanna go all 'round, right round with ya

Cuz ooh baby, ooh baby what I found in ya

Is somethin' so special, I want all of ya

I really, really wanna get down with ya

Ooh baby, ooh baby I'm in love with ya

And now I really, really wanna get down Really, really wanna get down x3 I gave you my mine, you gave me  
yours

Swapped our hearts out way before

Before I ever thought of this

I wanna feel your fingertips

Take me down, down to the floor Really, really wanna get down with ya

I really, really wanna get down with ya

Wanna go up down, up down with ya

Wanna go all 'round, right round with ya

Cuz ooh baby, ooh baby what I found in ya

Is somethin' so special, I want all of ya I really, really wanna get down with ya

Ooh baby, ooh baby I'm in love with ya

And now I really, really wanna get down Really, really wanna get down x3 (Madcon)

Let me see you drop

Let me see it pop, let me see you get up outcha spot

Let me see you rock, drink a body shot

Pour the liquor down your leg'n have it dripping

Down your toes her we go, full speed ahead coming

Down the pole

I know you're a man eater

But still hot like a bad fever

Twelve years of school, it's crazy I can't read ya

All I know's a Leo's supposed to go with a Libra girl

Let go I'm feeling exposed  
Like I'm chasing your rear and feel the exhaust  
I ain't a quitter, I grind and you're my next goal  
Uncut carat, a dime, you know that se\*'s gold Really, really wanna get down with ya  
I really, really wanna get down with ya  
Wanna go up down, up down with ya  
Wanna go all 'round, right round with ya  
Cuz ooh baby, ooh baby what I found in ya  
Is somethin' so special, I want all of ya  
I really, really wanna get down with ya  
Ooh baby, ooh baby I'm in love with ya  
And now I really, really wanna get down Really, really wanna get down x3
