

# I Swear

## Sallie Ford & The Sound Outside

[I:]

I made mistakes in the past  
But then you came along and gave me your trust  
    Girl, you turned this playa around  
You have cleaned my heart form the lost and found.

[Prerefren:]

Yes I know there'll be cloudy days  
But I ask, please give me tomorrow  
    Maybe I cannot stop the rain  
But I'll be, I'll be right there...

[Refren:]

I will not let you go  
    Girl, all my life I swear  
    You are all that I know  
    I will not let you down  
    And for as long as I live  
    I swear I'll be around.

[II:]

Sometimes people can change  
Sometimes a playa can be played at his game.

[III:]

Baby, I was happy to lose  
And I have no doubt, it is you that I choose.

[Prerefren]

[Refren]

(I will not let you go  
    This is what you gotta know)  
    I won't let you down,  
    Girl I'll be around, I swear  
        (I'll never lie to you  
        I'll do anything for you)  
    Baby, you gotta know that I...  
        I will never let you go...  
        I'll never let you go...  
    I will never let you down

And for as long as I live I swear I'll be around.

[Refren:]

Back to me, come back to me  
Back to me, come back into my life  
My life, I wÃ±ll not let you go...
