

Your Body (feat. Giorgio Moroder)

Kylie Minogue

Something in the rhythm of the body
Makes me loose control
I can't hold on, I can't let go
I'm on fireTell me I can be your one and only
Till I break and fall
I can't hold on, I can't let go
I'm on fire'Cause I want your body
Your body, your body, your body
'Cause I need your body
Your body, your body, your body
'Cause I want your body
Your body, your body, your body
'Cause I need your body, your body
You know I want youYour body, your body, your body, your body
'Cause I want your body
Your body, your body, your body
'Cause I need your body
Your body, your body, your body
'Cause I want your body
Your body, your body, your body
'Cause I need your body, your body
You know I want youYou know I want youTell me that you'll only ever want me
Don't let it linger on
Show me all the things you never show
Light this fire'Cause I want your body
Your body, your body, your body
'Cause I need your body
Your body, your body, your body
'Cause I want your body
Your body, your body, your body
'Cause I need your body, your body
You know I want youYour body, your body, your body, your body
I can't live without your body
Your body, your body, your body
Boy, you now I need your body
Your body, your body, your bodyYou know I want you
Just your body
You know I want you
