Gone Too Long

Fred Eaglesmith

How many nights
How many days
How many nights
Since you went away
You been gone too long
(Gone too long)
You been gone too long
(Gone too long)
Did I do something wrong?
You been gone too long
(Gone too long)
I went to your house
I knocked on your door
The neighbors said
They didn't think you lived there no more
You been gone too long
(Gone too long)
You been gone too long
(Gone too long)
Did I do something wrong?
You been gone too long (Gone too long)I went to a bar
I stood on a stool
The bartender said
You're just another fool
She's been gone too long
She been gone too long
(Gone too long)
Did I do something wrong?
Gone too longPacked up my things
I'm leavin this town
Ain't no use stayin
If you aint around
You been gone too long
(Gone too long)
You been gone too long
(Gone too long)
Did I do something wrong?
