

# Sorrow (feat. Miles Kennedy)

## Sevendust

I'm the only one that sings the same old song  
I know my destiny was made long ago  
I've yet to make a change  
It's time to rearrange I understand it seems I'm the last to notice  
How anybody feels  
Is it really 'cuz I feel I'm the one that's owed it?  
Am I wrong? Am I wrong? Look at me the same, still I feel the blame  
Restricting myself from moving on  
A punishment for never being whole  
I feel like it's too long  
(I feel like it's too long) Sometimes I know it seems I'm the last to notice  
How anybody feels  
Is it really 'cuz I feel I'm the one that's owed it?  
Am I wrong? Am I wrong? All my pride it leaves me vacant  
For the sorrow I'm to blame  
But I don't know if I could just let go  
I could find a better way Only am I the only one?  
Who thinks and breathes when no one sees  
I'm the only one I understand it seems like I'm the last to notice  
How anybody feels  
Is it really 'cuz I feel I'm the one that's owed it?  
Am I wrong? Am I wrong? Give me just a chance, I've noticed  
What I've done, what I've done
