

# Party

## Red Fun

Party time

Okay, party people in the house

Ooh, party, ah, party

Ooh, party, ah, party

Ooh, party, ah, party

Ooh, party, ah, party

I was at this club, this place called Roy's

I snuck in past my curfew trying hang with the big boys

There were hands swingin', people singin' and others on the wall

Disco lights blinkin' and people big and small

Security finally caught me, talkin' 'bout "Son you're kinda young"

I said, "Beat this Mr. Officer I'm just trying to have some fun"

Now on my way out, this girl said, "Whuddup shorty?"

I broke away from the officer and then said, "Girl, it's time to party"

You know

Ooh, party, ah, party

Ooh, party, ah, party

Ooh, party, ah, party

Ooh, party, ah, party

Next I went to a club to see what he said I was missin'

Snuck through the back door, it was like "Yeah, I can get with this"

A whole bunch of cuties surrounded by a bunch of moles

With dreadlocks, bell bottoms and a couple wearing Afros

Now I was Krossed Out, totally fly to the T

Getting all the girlies then I got caught by security

He grabbed me up and said, "Yo, I just kicked out your friend

And I don't want to see you and him around here ever again trying out"

Ooh, party, ah, party

Okay party people in the house

Okay party people in the house

Yeah, part

One night we both decided that we would go together

Totally Krossed Out, into more Krossed Out leather  
Now I was lookin' fly from head to toe  
And all we both could think about was reaching the back door  
We were lookin' diggy diggy doe ready to rock  
You know?  
But when got to the back door  
Oh, the back door shouldn't have be locked  
Now Kris was getting mad, but I had other thoughts  
Of ways of getting in,  
When I was getting caught  
So we could  
Ooh, party, ah, party  
Ooh, party, ah
