Absentimental

Norma Jean

Contract, contract
Contract, contract of black halosGo, run your mouth
Your open mouth, run your open mouth
Close your open mouth, close your open mouthSun blacks out, sky blacks out
Sun blacks out, sky blacks out
Sun blacks out, sky blacks out
Sun blacks out, sky blacks out
The sky blacks outDon't plan on standing under the falling sky
So pointless, [Incomprehensible] so pointless to fall, fall, fallPlease believe what you see
And what you hear and what you love, you loveSun blacks out, sky blacks out
Sun blacks out, sky blacks out
Sun blacks out, sky blacks out
Sun blacks out, sky blacks outYour names are indications in red blood
Your names are indications in red blood
Your names are indications in red bloodI'm choking, I'm choking, I'm choking on my tongue
I'm choking, I'm choking, I'm choking on my tongue
I'm choking, I'm choking, I'm choking on my tongue
I'm choking, I'm choking, I'm choking on my tongue, on my tongue[Incomprehensible]
