The Phone Song

Side Kick Nick

If I could tell you anything
I would tell you something
If you, if you could miss itThat's the loop
It can be broken
That's the loop
It can be brokenIf I could tell you anything
If you, if you could allow it
If you, if you could hear meThat's the change
Changes can happen
That's the loop
It can be brokenThat's your heart
It can be open
That's the loop
It can be brokenThat's the change
Changes can happen
That's the look
It can be brokenThat's your heart
It can be open
That's the loop
It can be broken
