

# Regeneration

## Kraftwerk

Regenerate the impoverished souls  
That echo you  
Bleed to feed the masses  
Soup line two times twoThey got your picture from the  
Sunday plain dealer that listed you, dead  
Forget the story there's a bounty on  
Your head they fingered youRight away, right away  
Green light, get a move on  
Right of way, right of way  
Stop sign, put the brakes onRight away, right away  
Green light, get a move on  
Right of way, right of way  
Stop sign, put the brakes onPositive cell regeneration  
Positive cell regenerationCelebrate the immortal youth  
That wasted you  
Peel the skin back from all the lies  
That blistered youThey hold for ransom  
All the watered down truths  
That splintered your faith  
So sell your soul, because you're already  
Dead they've listed youRight away, right away  
Green light, get a move on  
Right of way, right of way  
Stop sign, put the brakes onRight away, right away  
Green light, get a move on  
Right of way, right of way  
Stop sign, put the brakes onTo the fields where lesser mice go  
To the fields where men follow  
To the fields where lesser mice go  
To the fields where we all followTo the fields where lesser mice go  
To the fields where we all follow  
To the fields where lesser mice go  
To the fields where we all followRight away, right away  
Green light, get a move on  
Right of way, right of way  
Stop sign, put the brakes onRight away, right away  
Green light, get a move on  
Right of way, right of way  
Stop sign, put the brakes onPositive cell regeneration

Positive cell regeneration
