

Blow Ya Back Out

Tha Joker

Lala lala x7
See I been messin with lil
Mama bout four weeks now
Man she got me feelin like
I'm weak now
She drivinme crazy
I wanna make her my baby
But I can't cause I can't
Buy the car without a test drive
She got me feelin like a child bein
Chitzitized ? and I don't mean to rush
And iknow it's just lust
She got me bout to bust
Bridge
I'm tired of talkin on
Tha phone I'm sick of conversation
I'm comin to ya crib and ya
Already kno wat it is
Shut up shut up now shut up
Gon and take ya damn clothes off

Chorus

Cause I'm about to blow
That back out blow that back
Out blow that back out (ay)
(you kno) I'm bout to blow
That back out (ok) blow that back
Out blow that back out (shawt)
I'm just tryna blow
That back out blow that back
Out blow that back out (ay)
(you kno) I'm bout to blow
That back out (ok) blow that back
Out blow that back out (shawt)

Verse 1 Tha Joker

Wats happen wats tha bizness
I can't believe I did this
A whole month no sex I keep it real no
Plex all I'm sayin wats next don't take

It out of context
Play docter (let me check)
Wanna play construction (let me wreck)
Baby hold up just a second u told me
You feel neglected so I'm tryna get you naked
To see if ya boy can help it don't take it as
Disrespected but bump and grind is a blessin
Ay ya boy can spend tha night or something
(girl u jokin) well I was just checkin
Is it wrong to wanna fuck use tha fingers to warm
You up havin my dick all in ya gut while I'm grippin grabbin ya butt skirt hikin with no hut
Let's digg in them love cuts? so tell me that I can bless it I'll taste it before I test it.
