

# To Wish Impossible Things

## The Cure

Remember how it used to be  
When the sun would fill the sky  
Remember how we used to feel  
Those days would never end  
Those days would never end Remember how it used to be  
When the stars would fill the sky  
Remember how we used to dream  
Those nights would never end  
Those nights would never end It was the sweetness of your skin  
It was the hope of all we might have been  
That filled me with the hope to wish impossible things  
To wish impossible things  
To wish impossible things But now the sun shines cold  
And all the sky is gray  
The stars are dimmed by clouds and tears  
And all I wish is gone away  
All I wish is gone away
