Is There Anybody Out There?

Laura Mvula

(Verse)
It?s too late for me now,
Can?t be undone in me now.
Gone down deep within me now,
Come take it out on me now.
I was young and free then,
Like a child I loved to love then.
Now there?s nothing left in me but fear,
I can see the end is all near.
(Pre-Chorus)
This is the end before it?s even started.
I can?t survive this pain, I?m brokenhearted.
(Verse)
I believed in you then,
You believed in me then.
You took everything I had and more,
Each day I live to give you my all.
(Pre-Chorus)
This is the end before it?s even started.
I can?t survive this pain, I?m brokenhearted.
(Chorus)

Is there anybody out there?
Who knows?
Is there anybody out there?
I won?t make it out here alone.
(Bridge)
Keep on judging to forever
Take a good thing, let it start.
Keep on judging to forever,
Take a good thing, let it start.
(Chorus)
Is there anybody out there?
Who knows?
Is there anybody out there?
I won?t make it out here alone.
Is there anybody out there?
Who knows?
Is there anybody out there?

I won?t make out here alone.
(Bridge)
Keep on judging to forever
Is there anybody out there?
Is there anybody out there?
I won?t make it out here alone
