

# In The Dark

## 3 Doors Down

Whenever the lights go down  
That's when she comes alive (Ooh ooh)  
Maybe it's just something that you can only see in the light (Ooh ooh)  
A pretty little vixen dancing out on the scene  
But the lights are shining, so she's keeping it clean  
Don't get too close  
Boy, don't touch her skin  
Or you'll never feel the same way again  
If everything you see is what you're believing  
Then she'll be holding your heart  
And by the time the sun goes down  
You won't know who you are  
She likes to do it in the dark  
She likes to do it in the dark, oh  
Whenever the darkness comes, she'll have you right where she wants (Ooh ooh)  
Just when you think it's all over  
It's where it all starts  
It sounds like an angel is calling my name  
It might be the devil, but they all sound the same  
And all her moves won't let you get away  
She's gonna make your mind come with you to stay  
If everything you see is what you're believing  
Then she'll be holding your heart  
And by the time the sun goes down  
You won't know who you are  
She likes to do it in the dark  
She likes to do it in the dark, oh  
She likes to do it in the dark  
Oh oh, oh oh  
Ooh ooh ooh  
If everything you see is what you're believing  
Then she'll be holding your heart  
And by the time the sun goes down  
You won't know who you are  
She is gonna make you think you were leading  
But she had you from the start  
And by the time the sun goes down  
You won't know who you are  
She likes to do it in the dark  
She likes to do it in the dark  
She likes to do it in the dark (Oh oh, oh oh)  
She likes to do it in the dark
