

Eliza's Song

David Garrett

Danzig
Satans Child
East Indian Devil (Kali's Song)
Free, I'm alive, yeah
All that I am
Know that I've woken
All of my senses Now I'm half-burning
Flames out my eyes
From my darkness
Close by my side, yeah And lo' see my cold dance From my darkness
Culled from my pride, yeah
Down in the blindness
Form latent hides Dual is my aspect
Cool to the touch
Drink from my warm cup
Life is the blood, yeah Now I'm alive, yeah
All things I am
In blood I have tasted
All that I am In love and blood
In love and blood, yeah In love and blood, yeah
In love and blood
