

# Outside of Here

**Michael Flynn**

Laugh on the outside  
Call you one last time  
Tell you I've been gone  
Tell you I've been fine  
Can't shed the baggage,  
Can't lose the weight,  
Staying this way  
Because it's getting too late  
There's a place in my heart  
that's sick from us being apart  
I can't breathe from the fear  
I don't do much outside of here  
Every person in this town  
Has dirt in their eyes  
They're so full of the dumb  
From swallowing lies  
No one is here  
Everyone is poor  
Trapped beneath the ceiling  
Trapped above the floor
