## Silk

Ooh, la la la la la lullaby, baby
This is Silk's nursery rhyme, baby
La la la la la lullaby, well, well, oh
Check it outThis one's dedicated to my first love

Baby, baby, baby, baby

Don't you know you drive me crazy

With your sexy body lady, ladyWould you like for me to creep over to your crib

Just say when, say when

I would like to be the one who loves you down

And serenade your sexy body with this nursery rhymeHush little baby don't say a word

Silk is gonna buy you a mocking bird

And if that mocking bird don't sing

Silk is gonna buy you a cute unicornIf that diamond ring don't shine

I guess I'm gonna have to give you something else of mine

Would you like that, would you like that

You can have this, if you want this

I'm gonna give you lovin', lovin' is what your body needsOh, if you let me come over, pretty thing

You can play the name game

Don't you know that [Incomprehensible] I can't wait

That's what you'll be saying and you know that I'll be staying So conjunction, junction was your function

Do you want me girl, do you need me girl

Ooh, baby girl, I'm on my way

And when I get there, this is what I'm helloHush little baby don't say a word

Can we go and play a game of hide and seek

So baby close your eyes, count to five

If you find me, you better treat I want you, you want me

Baby can we, you and me fulfill our fantasy

The only one to make me go
