Solid Air

Skye

You've been taking your time
And you've been living on solid air
You've been walking the line
And you've been living on solid air
Don't know what's going 'round inside
And I can tell you that it's hard to hide
When you're living on solid airAnd you've been painting the blues
And you've been looking through solid air
You've been seeing it through
And you've been looking through solid air
Don't know what's going 'round in your mind
And I can tell you don't like what you find
When you're moving through solid air, solid airI know you, I love you
And I can be your friend
I can follow you anywhere
Even through solid airYou've been stoning it cold
You've been living on solid air
You've been finding it cold
You've been living on solid air
I don't know what's going on inside
I can tell you that it's hard to hide
When you're living on solid air, solid airYou've been getting too deep
You've been living on solid air
You've been missing your sleep
And you've been moving through solid air
I don't know what's going on in your mind
But I know you don't like what you find
When you're moving through solid air, solid airI know you, I love you
I will be your friend
I will follow you anywhere
Even through solid airYou've been walking your line
You've been walking on solid air
You've been taking your time
But you've been walking on solid air
Don't know what's going on inside
But I can tell you that it's hard to hide
When you're living on solid air, solid airYou've been painting the blues
You've been living on solid air
And you've been seeing it through

And you've been looking through solid air
I don't know what's going 'round in your mind
But I can tell you don't like what you find
When you're living through solid air, solid airI know you, I love you
And I can be your friend
I can follow you anywhere
Even through solid air[Incomprehensible] solid air
[Incomprehensible] solid air
Solid air
