Starlet

é»’å¤¢

The wood was ?? (engraved), oh when I get home
He's stealing my shit, oh
There was that house, why is there blood in my hand (incoherent talking afterwards)
Where, where, where did he go, oh where are you goin'
Where did you go, why is there blood on my clothes, without her clothes
I'd like, I'd like your home, there's blood on my sock
Oh, why do I thank the heaven (think they have him) why do I, why do I
