

Pearl of Euphoria

Def Leppard

Your price, name the time
The suspect or the crime
The shadow of my gun
Get down or you can run Feed the demon, kiss the flame, feel your desire Empty room, turn the key
You're never alone when you're with me
Temptation, break the vow
Cut flesh from the sacred cow Unchain the tiger, kiss the flame, feel your desire
Feed the demon, kiss the flame, feel your desire Soaked in fear, the curtain falls
Religion within these walls
Mystify my soul beliefs
Confession is my release Feed the demon, kiss the flame, feel your desire
Unchain the tiger, crucify, feed your desire Pearl of euphoria, pearl of euphoria
Pearl of euphoria, pearl of euphoria
Pearl of euphoria, pearl of euphoria
