I don't mind just what you say
I'll never hurt you, baby, anyway
I don't care what you do
Just so long as there's me and you
Hey, hey, heyEvery thing's good an' every thing's fine
You don't know it's the end of time
How does it feel to be turned away
I know it, baby, almost every day
Hey, hey, heySly like a demon's eye
Hey, hey, hey
Sly like a demon's eyeOh no, oh no
Oh no, oh noI don't want you, baby
I don't need you, baby
Hanging around my door
Slip and slide around my brain
You think you're so clever
You know you're insaneSly like a demon's eye
Sly like a demon's eye
So good, like a demon's eyeEvery thing's good an' every thing's fine
You don't know it's the end of time
How does it feel to be turned away
I know it, baby, almost every daySo good
Sly like a demon's eye
Hey, hey, hey
Sly like a demon's eyeSly like a demon's eye
So good, so, so good
Sly like a demon's eye
