Sagebrush Serenade

Poco

You and I counting, desert stars and
Lovers, one by one
While mandolins and steel guitars
Help our love alongWho could show you, ever know you
Fall into my dream
Turn around and, them you are in
Cowboy boots and faded jeansIt's a sagebrush serenade
Sagebrush serenade
Sagebrush serenade
Sagebrush serenadeAll around us, it surrounds us
Harmony is in the air
We could lose our hearts tonight and
Never even careIt's a sagebrush serenade
Sagebrush serenade
Sagebrush serenade
Sagebrush serenade
Sagebrush serenade
Sagebrush serenadeWe dance the night away
While the guitars play
We'll blow your sails away
We got it made
