

My Kind of Country

Van Zant

I like to speak my mind
Say grace at supper time
Im just a dot on the mapAint scared to take a stand
For this little piece of land
Dont make me take you out backTattoos, sweet tea, NASCAR Sunday
Hard hat, head back to work on MondayMy kind of country
Little League, bass boats and good clean fun
Thats my kind of country
Roots run deep as they come
In my kind of countryIm from the old school
Live by the golden rule
Aint no strangers around hereI like the simple life
Sit a spell, have a bite
Honey, get that man a beerCornbread, collard greens, mamas fried chicken
Blue jeans, work boots, I'm still kickingMy kind of country
Football, four-wheeling, good clean fun
Thats my kind of country
Roots run deep as they come
In my kind of country, yeah, that's my kind of countryWe got Johnny Cash, Back in Black, Southern rock n' roll
.38, Skynyrd, turn up that radioMy kind of country
Camouflage, hunting dogs, good clean fun
Thats my kind of country
Roots run deep as they comeMy kind of country
Backyard barbecue, get you some
Thats my kind of country
Roots run deep as they come
In my kind of countryPick up trucks and dirt roads
Ah, the fourth of July, salute the flag
Yeah, my kind of country
That, that, thats my kind of country
