

Into the Future...

The Vibrators

Advisory - the following lyrics contain explicit language:

I want a new world, I want it with you
Want your new love to see me through
So honey, don't you stand and stare
I like your clothes and I like your hair You're pretty messed up for only 23
So honey, won't you come along with me
And if you've some time to spare
Take my hand and take me there And I want it for my baby
I want it for myself
Don't you help me mister
If I can't help myself Into the future
(Sex kick)
I want it for my baby
(Sex kick) I gonna be a rich man
(Sex kick)
So don't you be a pain in the ass
(Sex kick) I never liked your blond hair anyway Hang on, here comes that feeling again
You're so dumb your mother thinks you're insane
So honey, if you've an hour to spare
Honey, take my hand and you take me there Into the future
(Sex kick)
I want it for my baby
(Sex kick) I wanna be a rich man
(Sex kick)
So honey don't be a pain in the ass
(Sex kick) Gonna be a new world
(Sex kick)
I'm looking for a cheap thrill
(Sex kick) I'll build a new tomorrow
(Sex kick)
So don't you be a pain in the ass
(Sex kick) Sex kick
Sex kick
