Lonely

Stryper

Verse 1
Once upon a lonely night
Emptiness filled my heart
And I realized my life wasn't right Then I called upon your name
And I just want to sayChorus
I was lonely, lost without your love
Sad and lonely without you
Your the only one that I'll ever love
I need youVerse 2
All I'll ever need is you
Cause you are everything
I've never seen a love that's so true
The search is over now for me and forever more
And I'll never have to be lonely anymoreRepeat Chorus
