Brand New Way

Rhett Miller

Breathe in you are strong
All the barriers are gone
Let it carry us somewhere unreachable
I would never hurt you
Baby my virtue
Has proven itself unimpeachable
Lets just say
There are those long days
There is this dumb luck
There is a brand new way opening up
Streets buildings and cars
Faraway stars
My fingers move over the borderline
Breathe in you?re the stranger
There is no danger

We?ll fall into that rogue right hand of mine
CHORUS
Skin all over you
I?m a worrier it?s true
I came over to cushion your breakables
Breathe in you are stronger
You don?t have to wonder
You know my conviction?s unshakable
CHORUS
There are these long eyes
There is this good love
There is a brand new way
Opening up (x3)
