Wit Ee's

Erick Sermon

Sermon, Def Squad, no time at all
Wit EE's
That's how I do this
Y'all holla at me
Yeah
Huh, I do it like this fo' sheez
Keep it so real for the O.G.'s
Black truck outside that's E's
And it sits on twenty-three's
Rhymin', does this wit EE's
Makin' beats is my expertise
He can't do it again, best believe
I pull a rabbit out my hat and my sleeve
Now, take my picture, cheese
I'm hot like Craig Mack, 'One thousand degrees'
My face shown on mad TV's
When I come fans warm and transform like bees
Hmm, been rappin' before CD's
I'm so cold, everything around freeze
Go ahead, talk about me, please
You can stop me here, but I'm big overseas
This here's something so ill
Something for the ear so chill
Ill this 'cause it's so real
I rock spots from 12 until
Dig it, I flow this wit EE's
Dub, I shows this wit EE's
Kid, I rock this wit EE's
Yeah, I does this wit EE's
Here's somethin' that's rarely seen
Me so dark, eyes so green
I'm so fresh, so clean
Three-wheel motion, car on lean
In D.C., parked outside Dream
In A T L, parked outside Cream
Stepped back and checked the scene
Dirty girls up in here, but not Justine
This here flows in my genes
Pockets, dough in my jeans

Some jewelry, watch might gleam
Love hate range, Video Raheem
Call me, get my machine
Unknown phone calls get screened
This here ends bar 16
Yo Erick's on fire man, knahmean?
This here's something so ill
Something for the ear so chill
Ill this 'cause it's so real
I rock spots from 12 until
Yo, I flow this wit EE's
Kid, I shows this wit EE's
Huh, I rock this wit EE's
Yeah, I does this wit EE's
Yo, I make it easy for you, so come on
(Erick Sermon in the house)
I do it easy for you, so come on
(Erick, Erick Sermon in the house)
I rock it easy for you, so come on
(Erick, Erick Sermon in the house)
I flow it easy for you so come on
(Erick, Erick, Erick Sermon in the house)
This here's something so ill
Something for the ear so chill
Ill this 'cause it's so real
I rock spots from 12 until
Wit EE's
Wit EE's
Wit EE's
Wit EE's
Combustible
This is something so ill
(Sermon, uh)
This is something so ill
Something for the ear so chill
