Welcome To The Occupation

Cold War Kids

Whistle blowers, gotta get outta school
They don't want poets they want pigeons on a stool
You're examining fossils, defending criminals
I'm clock watching getting dumb
Photographic models, a house painted solace
I'm like [Incomprehensible] in the sun
And I give up raising your kids America
You treat 'em like an obligation
Welcome to the occupation
The devil's in the details, devil's in the details
He's got your gold watch and chain
The devil's in the details, devil's in the details
He's got your gold watch and chain
Whistle blowers, we know how you feel

Public servants, surrender their free will
But you can't ban politics and work in the circus
You have to choose just one
You hold the nail, I'll swing the hammer
That's how things get done
And goodbye valedictorians, goodbye punks
Goodbye valedictorians, goodbye punks
And I give up raising your kids America
You treat 'em like an obligation
Welcome to the occupation
The devil's in the details, the devil's in the details
He's got your gold watch and chain
The devil's in the details, devil's in the details
Got your gold watch and chain
