Twisted

Sugababes

My personality is quite rude
Only to the point where Im on girly dues
Its so hard just being me
People asking questions, maybe they cant see'Cos Ive got my life controlled
How bout you deal with your's?
Dont talk what you dont know
Youre in the back, Im doing what I knowMe, myself, Im twisted
You wont know, you missed it
And it's okay if Im a little bit crazy
Am I a little bit insane? Well, maybeAnd its just a little something
But Id rather be me than nothing
And its okay if Im a little bit crazy
It doesnt mean I cant be a ladyNow Im the kind of girl who knows her biz
Flirtatious in a way but it depends on how I feel
Still I keep it classy, stay with a guy thats real
'Cos if he aint supporting
Then hes not the real deal, check itIm forever getting misunderstood
Always been a leader not a puppet, its good
Before the music game there was me and thats it
Ive never been the one to fight but I wont take itMe, myself, Im twisted
You wont know, you missed it
And it's okay if Im a little bit crazy
Am I a little bit insane? Well, maybeAnd its just a little something
But Id rather be me than nothing
And its okay if Im a little bit crazy
It doesnt mean I cant be a ladyIm not the type to say, just get out my face
'Cos the girl that you think you see
Sometimes needs a little space to breathePlease, it's not okay, to invade my space
'Cos the smile that you see on show
Underneath it all I need some time to growMe, myself, Im twisted
You wont know, you missed it
And it's okay if Im a little bit crazy
Am I a little bit insane? Well, maybeAnd its just a little something
But Id rather be me than nothing
And its okay if Im a little bit crazy
It doesnt mean I cant be a ladyMe, myself, Im twisted
You wont know, you missed it
And it's okay if Im a little bit crazy
Am I a little bit insane? Well, maybeAnd its just a little something

But Id rather be me than nothing
And its okay if Im a little bit crazy
It doesnt mean I cant be a ladyMe, myself, Im twisted
You wont know, you missed it
And it's okay if Im a little bit crazy
Am I a little bit insane? Well, maybeAnd its just a little something
But Id rather be me than nothing
And its okay if Im a little bit crazy
It doesnt mean I cant be a lady
